Director's Notes:

Happy New Year! I wish everyone a blessed 2017. With all of the growth FCLC has seen over the past few months I would like to get parent feedback on the program. I will be sending out a parent survey in the next few weeks and would like all families to participate. I am currently revising the Parent Handbook and making changes necessary regarding DCFS regulations along with a few new center policies. I will be handing these out personally at drop off and pick up once it is completed. Don't forget to sign up for the Parent Workshop on January 11th. There will be lots of examples of activities to do when you can't be outdoors. Feel free to call, email or make an appointment to talk in person. (kchoate@uccdg.org/630-206-4910)

Ms. Kimberly

Infant News (Room 204)

January is here and we welcome 2017. We hope everyone enjoyed the holidays.

Throughout this month we will be working on some fun winter art projects. We will probably be inside more if the weather gives us a lot of bitter cold days. Our class will still find ways to work the children's gross motor skills. We will walk around the building and stretch our legs by running and playing in the chapel. The children enjoy using the riding toys and blowing bubbles and singing in there.

When the temperature is good we will be going for walks to get some fresh air, so please always have hats and coats and other warm clothes for your child.

We thank you for your support and cooperation. As always if you have any questions or concerns we are always available.

Toddler News (Room 202)

Toddlers are excited to begin 2017 with new friends joining us. We will be saying Good Luck to one of our friends as they move up to preschool. This month we will be focusing on sharing with each other and how to use the classroom materials in a positive and fun way. The cold weather will be keeping us indoors but there are many fun gross motor activities planned to keep us moving and growing.

Please remember to empty your child's drawer each week so that you can see the fun projects that we do and to get any important notices.

Preschool News (Room 203)

Happy New Year from Room 203! Brrrrr it's cold outside so it's a perfect opportunity to discuss all things Winter! We will be discussing different animals and how they adapt to their cold environment. We will also have fun experimenting with hot and cold and freezing and melting. Stay tuned for further information about our upcoming fun with Show and Tell and "You Rock"!!

PJ Day

January 12th

Preschool News (Room 205)

Happy 2017! It's a new year and time for the winter scene. Our Clifford Reader topics are about fun in the snow and arctic animal babies. Hopefully the weather will allow for a few days out in the snow to explore and experience the snow together. Stay tuned for more information. We're also planning a pajama party for Jan. 12th. Wear your PJ's and bring slippers to school for some indoor fun. We will have cookies and milk and read bed time stories. So find your coolest pajamas and cozy up for a winter party!
