

# First Congregational Learning Center

## Infant News (Room 204)

Welcome to October! Room 204 has some Spooktacular activities plans this month; from our creepy tunnel crawl, to our ewey gooeey sensory slime! Let's not forget about our Halloween parade!

As the weather is changing, we will be continuing to enjoy this crisp fall weather outside. Please update your children's cubby with weather-appropriate clothing.

## Young Preschool News (Room 203):

October brings the cooler temps and crisp fall colors. We will be exploring the fall colors and the other wonderful thing autumn brings. We will be working on some hands on sensory experiments. We'll be exploring our fruit and vegetable of the month and also fun Halloween activities. Information about our Halloween party will be sent out closer to the day.

## Toddler News (Room 202):

The Toddlers are welcoming in the Fall season with their sense of curiosity. We are going to get a little scientific this month with experiences and conversations as we have been watching the leaves turn and the winds blow. We will be talking about adding layers of clothes to our bodies like jackets and hats as the weather is changing. We will talk about the color orange and with a progressive group activity, we will explore a pumpkin, inside and out.

Our fruit this month is an apple, and we are going to engage our senses of touch, taste and smell, with an apple pie making activity, as well as explore our vegetable, spinach.

Additionally, we will listen to stories about the Fall season, and talk about dressing up and trick-or-treating!

## Preschool News (Room 205):

The month of October finds us learning about a letter of the alphabet each week. We'll identify each letter, learn its sound and also trace and print it. The preschoolers will also be exploring the season of fall thru their 5 senses.

Our explorations will lead us outside to collect leaves, observe changes in our neighborhood and provide inspiration for painting and stories.

Also in October, our enrichment activities will begin. We're looking forward to computers/IPad learning with Ms. Mary, music with Ms. Peggy and science, stories and Spanish with Mr. Lyle. Fall fun has begun!

Sunday, October 28th

11:00am - 12:15pm

**Be part of the Fourth Annual Trunk or Treat!**

**Here is how to participate:**

1. Sign up with Kimberly Choate ([kchoate@uccdg.org](mailto:kchoate@uccdg.org)) to have a parking space for your car.
2. Arrive by 10:30 to get your designated parking space and decorate your trunk.
3. Children will trunk or treat from 11:00am-12:15pm.
